The Magazine of Automatic Information Handling

Dear Sir:

Within the past several months you may have received a DATAMATION "annual" reverification form similar to the one enclosed. Answers to the questions therein contained were solicited from you in order to satisfy our audit requirements and thus continue to send you DATAMATION Magazine free of charge.

And now another form to complete!!

We are asking you to please bear with us through an interim period during which we are recycling our reverification mailings.

If you would be kind enough to complete the enclosed form, assuring you that you will continue to receive DATAMATION Magazine, we promise not to contact you for reverification for another year. Many thanks.

Sincerely,

Mae Van Rennes
